December 18, 2018

Dear Members of the Revitalize Sparrows Point Coalition,

Yesterday evening the Baltimore County Council gave unanimous and enthusiastic approval of the Sparrows Point Infrastructure Agreement!

This agreement is a true public-private partnership that creates thousands of new jobs for our neighbors, millions in new tax revenue for our County, and over a billion in new economic activity to our region every year. Moreover, included within this agreement, as well as furthered by it, is a continued commitment to inclusion and social responsibility. This means more opportunities for labor, prevailing wages, increased goals for minority & women-owned businesses, continuing the environmental clean-up of the site, and dedicated land for public safety and recreation.

The merits and benefits of this agreement are numerous. However, we must recognize the incredible impact that your collective and individual advocacy had on its successful passage. Rarely has support come from such a broad-based coalition comprised of labor, business, community and non-profits. This convergence of support not only aided the Council in their vote, but helped shape the public's view and understanding of the project as well. It is also a model that can and should be replicated for future economic development projects.

We cannot thank you enough for all that you have done to help make this agreement a reality. Thank you for lending your organization's name to endorse this initiative. Thank you for the letters, emails, & calls of support to Councilmembers. Thank you for the letters-to-the-editor that you wrote and the videos that you filmed. Thank you for taking the time out of your busy days to come out, attend and testify on behalf of this agreement.

You should be proud of your contribution to a project that will endure well into the future. We are truly appreciative for your partnership and we look forward to working with you in the years to come. This is merely the end of the beginning, and exciting times lay ahead for the community, the County and the region. Thank you again for all that you have done to Revitalize Sparrows Point!

Sincerely,

The Honorable Theodore G. Venetoulis
Chairman
Revitalize Sparrows Point Coalition
